RM25,000,000.00 (Phase 2)

Completion Date

1993 for Phase 1

1995 for Phase 2

Menara Sungai Way Phase 1 & 2

Menara Sungai Way is the new corporate headquarters for Bandar Sunway Group and is located at the uniquely beautiful Sunway Lagoon Resort in Bandar Sunway, Petaling Jaya. Phase 1, consisting of a 19-storey office tower block, a 5-storey podium block and 3 levels of basement car park, was completed in September 1993. Phase 2, consisting of a 7-storey podium block with 3 levels of basement car park, was completed in March 1995.

The structural system adopted is of conventional r.c. frame. The floor system utilises 200mm thick precast prestressed hollow core slabs spanning 8.5m. The building is supported on precast spun piles on limestone.
